Sympathy & Funeral Flowers

Flowers to honor a life

LAKE NORMAN, NORTH CAROLINA · FLORIDA

WELCOME

Honoring a life with flowers

When we lose someone we love, words often fall short. Flowers help us say what we feel: love, gratitude and the memory of a life.

At Elements Florist, we prepare every arrangement with care and respect, thinking of the person being remembered and the family who will receive it. If you're not sure where to begin, I'd be glad to help you choose.
